**Controlled Import Permit to Import Restricted or Not Authorized Plant
Material**
Regulated by 7 CFR 319.6

This permit was generated electronically via the ePermits system

PERMITTEE NAME:	Diane Beckles	PERMIT NUMBER:	PCIP-20-00002
ORGANIZATION:	University of California Davis	APPLICATION NUMBER:	P588-191221-001
ADDRESS:	One Shields Avenue Department of Plant Sciences MS3 Davis, CA 95616	DATE ISSUED:	01/02/2020
MAILING ADDRESS:	One Shields Avenue Department of Plant Sciences MS3 Davis, CA 95616	FACILITY NUMBER:	N/A
PHONE:	(530) 902-1123	EXPIRES:	01/02/2022
FAX:			
GROWING LOCATION:	One Shields Avenue Department of Plant Sciences MS3 Davis, CA 95616		

PORTS OF ENTRY: CA, South San Francisco

Under the conditions specified, this permit authorizes the following:

<u>Article(s)</u>	<u>Countries of Origin</u>	<u>Plant Parts</u>	<u>Grown in U.S.</u>	<u>Intended Use</u>	<u>Total Qty</u>	<u>Qty per Shipment</u>	<u>Number of Shipments</u>
Solanum lycopersicum	France	Seed	Yes (Greenhouse)	Performance evaluation		10 mg	1

SPECIAL INSTRUCTIONS TO INSPECTORS

See permit conditions below

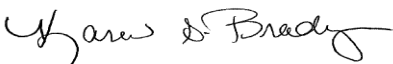

Permit holder (Diane Beckles) is allowed to hand-carry of seed to her laboratory specified in this permit.

PERMIT CONDITIONS

This permit authorizes the importation of the listed articles, under the conditions specified below. A copy of this permit (including all conditions) must accompany all shipments authorized under this permit.

In addition to this permit, genetically engineered plant materials regulated by 7 CFR Part 340 must be imported with a valid APHIS 2000 Permit or Notification. Please call (301) 851-3935 or email Biotechquery@aphis.usda.gov for more information.

Permit Number PCIP-20-00002

THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING PPQ HEADQUARTER OFFICIAL VIA EPERMITS.	DATE
 Karen Brady	01/02/2020

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

Receipt or use of foreign isolates or samples from countries under sanctions requires specific permission from the U.S. Department of Treasury. See <http://www.treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx> for current country listings.

Any person who violates the Plant Protection Act (PPA) of the United States, individuals or corporations who fail to comply with these conditions and authorizations, or who forge, counterfeit, or deface permits may be criminally or administratively prosecuted and found guilty of a misdemeanor which can result in penalties, a one-year prison term, or both. Additionally, any person violating the PPA may be assessed civil penalties of up to \$250,000 per violation or twice the gross gain or gross loss for a violation that results in the person deriving pecuniary gain or a pecuniary loss to another, whichever is greater. In addition, all current permits may be cancelled and future permit applications denied.

This APHIS-issued import permit only covers compliance with APHIS regulations and requirements. Therefore, this APHIS permit for the commodity to be imported does not reduce or eliminate the permittee's legal duty and responsibility to likewise comply with all other Federal and State regulatory requirements applicable to the commodity to be imported.

Some plants may be subject to regulations under the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES). To determine if a particular species is regulated under Appendix I, II, or III of CITES, please consult the appendices for CITES located at <https://ecos.fws.gov>

1. This permit authorizes the importation of *Solanum lycopersicum* (tomato) seeds from France to Diane Beckles, University of California Davis in (Davis, California) for performance evaluation in the approved facility (4438).

* No release is allowed under this permit. Plant material is grown, evaluation conducted and eventually destroyed.

2. The person who is issued this PPQ Controlled Import Permit (CIP) and his/her employees or Agents, shall comply with the following permit conditions, which are deemed by the USDA APHIS Administrator to be necessary to prevent the dissemination and establishment of plant pests.

The permit holder must:

(a) be at least 18 years of age, have and maintain an address in the United States that is specified on the permit, and be physically present during normal business hours at that address during any periods when articles are being imported or moved interstate under the permit.

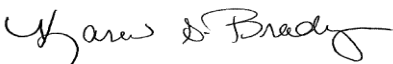

(b) notify the PPQ-CIP unit if it is necessary to transfer of permit ownership, and changes in address or phone number.

(c) keep the CIP permit valid for the duration of possession of any imported plant material that is maintained under his/her possession until released from permit requirements as directed in this permit.

(d) maintain the regulated plant material only at the location specified in the permit, and dispose of the material as described in the permit conditions.

(e) notify the PPQ-CIP unit, within 3-5 days, of any signs of potential disease symptoms such as wilting,

<p>THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING PPQ HEADQUARTER OFFICIAL VIA EPERMITS.</p> <p></p> <p>Karen Brady</p>	<p>DATE</p> <p>01/02/2020</p>
--	--------------------------------------

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

dying or sudden death, or accidental release or destruction of regulated plant material.

(f) notify the PPQ-CIP unit of the receipt of any unauthorized plant material not listed on the permit.

(g) notify the PPQ-CIP unit, within 3-5 days, if facilities which contain imported plant material are renovated, decommissioned for any reason or severely damaged by natural disaster.

(h) destroy all regulated plant material prior to the permit holder's departure from the approved facility unless other arrangements are confirmed by the PPQ-CIP unit, or unless a new permit is in place with a responsible party at the facility.

(i) Notification or Contact information for PPQ-CIP unit: Telephone (301) 851-2046 or (877) 770-5990 (Toll-Free Automated System); Fax (301) 734-5786; Email: controlled.import.permits@aphis.usda.gov.

3. The plant materials must be selected from apparently disease-free and pest-free sources, free of federal noxious weeds and soil.

4. All regulated plant material is subject to inspection at a PPQ Plant Inspection Station (PIS) at the time of entry to the U.S. If found infected/infested at the PIS, plant material may be destroyed, treated or returned to the exporter at the permittees expense.

5. Packaging and Shipping:

Packaging:

(a) The shipment must be accompanied by an invoice or packing list indicating its contents, which are clearly labeled, and include the permit number on the bill of lading.

(b) The imported plant material must be packaged sufficiently to prevent cross contamination during shipment.

(c) Imported materials must not be wrapped or otherwise packaged in a manner that impedes or prevents adequate inspection or treatment.

(d) The material must be shipped in a sturdy closed container that will prevent the possible escape or introduction of plant pests during shipment.

(e) Any packing material used in the consignment of the plant material must meet the requirements of § 7 CFR 319.37-11, and wood packing material used in the consignment must meet the requirements of § 319.40-3(b).

Shipping:

(a) All shipping arrangements are the responsibility of the permittee.

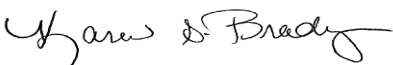

(b) If shipping using a bonded carrier such as FEDEX, DHL, etc., the international airway bill should direct the package to the PIS. **DO NOT PLACE ANY OTHER DELIVERY ADDRESS ON THE OUTSIDE OF THE PACKAGE.**

(c) Inform the exporter to use a) yellow/green permit label, and b) include a prepaid domestic airway bill in each package that directs the shipment to the final destination and after inspection at PIS to the address where the work is performed.

(d) Inform the exporter to use the yellow/green permit label issued with the permit. The instructions are provided in the electronic label file. The label must be attached to the outside of the package and directs the package to the designated Plant Inspection Station.

(e) Include a copy of the permit inside the package

Permit Number PCIP-20-00002

<p>THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING PPQ HEADQUARTER OFFICIAL VIA EPERMITS.</p> <p></p> <p>Karen Brady</p>	<p>DATE</p> <p>01/02/2020</p>
--	--------------------------------------

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

6. HAND-CARRY Instructions:

Twenty (20) days prior to each hand-carry event, the permit holder or designee must notify the PPQ Permit Compliance Officer by emailing GreenandYellowPlantslabelrequest@aphis.usda.gov and write in the subject line of the email, Notification of Hand Carry Permit # PCIP-xx-xxxx (using their actual permit number).

The email must provide the following information: 1- Permit number, 2- Permit holder's name, 3- Designated hand carrier's name and contact information, 4- Origin of the permitted article, 5- Date of return to US port, 6- Port of entry to the US, 7-Airline and flight number, flight arrival time, and 8- Amount of the article. If by car, land border, vehicle make, model and license number and three hour window of arrival time is needed.

The PPQ Compliance Officer will then notify U.S. Customs and Border Protection (CBP) at the port of entry to document and facilitate examination of the permitted articles and ensure compliance with permit conditions at the port of entry. The permit holder will be sent a separate email message confirming that this notification has been completed.

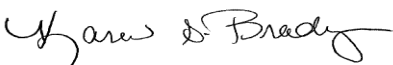

During shipment, the authorized carrier must ensure the following:

- a) All shipments must consist of a durable outer shipping container and at least two packages within the container that will remain sealed and intact in the event of dropping, impact with other objects, and subsequent handling. The container and inner packages must be securely sealed to prevent the dissemination of the enclosed plant pests and articles.
- b) Shipping containers may not be reused, except those that are wholly constructed from materials that can be sterilized or disinfected prior to reuse.
- c) Hand-carried materials are not to be checked into the plane as baggage/luggage, and must remain on or in close proximity to ones person. Hand-carried materials must fit in the planes overhead bin or under the seat.
- d) The hand- carrier must declare the article(s) being imported under a USDA permit on a Customs Declaration Form 6059B at the port of entry AND declare verbally at locations where the form is not utilized.
- e) At the port of entry, individuals who hand-carry must present their Passport and a copy of a valid PPQ Permit that authorizes hand-carrying (including all applicable attachments) to the CBP Agriculture Specialist.

Inspection by CBP Agriculture Specialists will confirm that all hand carried articles are securely packaged as per the permit conditions. In the event that a problem is detected, the CBP Agriculture Specialist may detain the package and require its movement to the nearest PPQ Inspection Station for processing or clearance. The permit holder will be responsible for all costs incidental to such forwarding to include storage and shipping expenses.

After CBP Agriculture clearance, the hand-carried articles must be safeguarded, opened ONLY at the permit authorized facility. In the event that circumstances cause a deviation on the transport within the

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

U.S. to the facility, the hand carrier must call PPQ at 1-877-770-5990.

7. Notification:

(a) Upon arrival of each shipment, the permittee shall notify Anthony Jackson, USDA, via email at Anthony.S.Jackson@aphis.usda.gov or (916) 930-5536 and the Yolo County Agricultural Commissioner's office at john.young@yolocounty.org

(b) The SPHD and the PPQ-Plants for Planting Office (Controlled.Import.Permits@aphis.usda.gov) shall be notified within one week of any abnormality noticed in the plant material or if the plant material dies. Dead plant material shall be autoclaved or incinerated after being recorded.

8. Identity:

(a) Before being used, all imported plant materials must be labeled "Quarantined material", and stored in a locked cabinet or other secure location under the control of the permittee to prevent pilferage and unauthorized use.

(b) The identity of all regulated material must be maintained throughout the permit period by visible labeling. The information on the label must contain the permit number, the genus, species and cultivar, country of origin and date of arrival.

9. Monitoring and Record keeping:

(a) Records must be kept of all pest or diseases associated with the imported plants including abnormalities and death.

(b) Records of any pesticide applications must be maintained.

(c) The facility where the work is performed, and the imported plant materials are grown, are subject to unscheduled inspection by an APHIS representative during regular business hours. At the time of inspection, the importer must make records available for the imported material received under this permit.

10. Greenhouse requirements:

(a) Access to the imported material must be limited to you, your designated plant pathologist and those you authorize to care for the plants.

(b) A pest management program must be in place to effectively control diseases and pests including arthropods, and insect vectors (e.g. aphids, thrips, and white flies) that potentially could transmit pathogenic organisms.

(c) Records must be kept of all pest or diseases associated with the imported plants that are discovered, as well as any pesticide applications that the plants receive.

(d) A dedicated greenhouse, or a physical barrier such as an insect screening/cage within an approved greenhouse must be used to keep plants isolated and pests from disseminating.

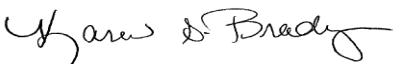

(e) The plant material from individual shipments must be separated physically from any domestic or other imported plants.

11. Disposal:

(a) After the imported material is removed from the shipping container, the container must be bagged and sterilized by autoclaving, destroyed by double bagging and incineration, or double bagged and taken to a municipal landfill.

(b) All discarded growing media, containers and plant material must be sterilized utilizing methods such as an autoclave, heat application of 121 degrees Celsius (250 F) for minimum of 30 minutes to the core of the treated material, chemical sanitation or incineration prior to disposal into a land fill or municipal

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

sewage. Recommendations for time depending on the type of materials are enclosed below:

<https://sterilizers.com/autoclave-time-temperature-pressure-chart.html>

(c) Unused imported plant materials must be devitalized/destroyed by sterilization using an autoclave or by double bagging and incineration. All related plant waste will be autoclaved or double bagged and incinerated prior to disposal or double bagged and sent for burial to a municipal landfill.

12. Release:

(a) Prior to release, neither the imported material nor increases may be distributed to any person or location unless approved in advance by the PPQ Controlled Import Permit Unit.

(b) A decision to grant or deny permission to release the plant material will be made at the conclusion of the required PPQ quarantine period.

(c) Selections which pass the indexing tests may be formally released after completion of all testing with written permission provided by the SPHD who will consult with the designated plant pathologist. The SPHD will inspect the site, plants and records before releasing the plants from quarantine.

(d) Alternatively, APHIS PPQ may prescribe additional treatments or measures, if warranted by pest and/or disease findings.

13. Permit validity and renewal:

(a) Controlled import permits are initially issued for one (1) year and may be renewed for up to an additional two (2) years.

(b) As part of the renewal package, the permittee must submit records that include propagation from the imported plant material, testing results, plant abnormalities and death, plant disposal information, and any pest or disease occurrences
